

Pausing a Content Stream

Facebook Live Stream link: <https://www.facebook.com/groups/ResultFlowCommunity/posts/976850512855561/>

If you want to stop promoting to Facebook or you don't want to post to your blog and want to accumulate some posts.

On the Select Kanbanboard, choose **Rich Summary**. Click on the *workflow icon* on Waiting to Post.

The screenshot shows the ResultFlow Kanbanboard interface. The top navigation bar includes the ResultFlow logo, a home icon, a help icon, a menu icon, and a dropdown menu set to 'beatles outlet'. Below this is a 'Select KanbanBoard' dropdown set to 'Rich Summary Process'. The main workspace contains four Kanban columns: 'Tasks List', 'Work in Process', 'Waiting to Post', and 'Waiting to Promote'. Each column has a 'show' dropdown (set to 10) and a search bar. The 'Waiting to Post' column is currently empty. The 'Posted to Blog' column (which is part of the 'Waiting to Post' workflow) contains a list of tasks with columns for 'Task', 'Document', and 'Date'. The tasks listed are:

Task	Document	Date
'Yesterday' Imagines A World Without The Beatles - Pop Culture Happy Hour NPR		20-Sep-20 09:00 AM
11 Stories You Still Haven't Heard About The Beatles		21-Sep-20 09:00 AM
Beatles Announce Full Debate About New 'Get Back' Book		27-Sep-20 09:00 AM
Everything Fab: Four The Beatles As 'Magical Misadventures'		28-Sep-20 09:00 AM
London Uses Coronavirus Closures to Hesse Abbey Road Crosswalk		18-Sep-20 09:00 AM
Paul McCartney Reveals 'Naughty' Message in Beatles Song		28-Sep-20 09:00 AM
Paul McCartney: Little Richard 'Taught' Me Everything I Know		19-Sep-20 09:00 AM

Change Item Count to **0**. Then click **Save**.

The screenshot shows the ResultFlow Scheduler Workflow configuration page. The 'Workflow Name' field is empty, and the 'Update' button is visible. The 'Scheduler Workflow' section includes the following settings:

- Input Folder: ContentRich Summary (Created and Posted to Your Blog's - Blog Posting Queue for Rich Summaries)
- Target Folder: Venues/Blog - Summary Category
- Item Count: 0
- Sort By: Oldest first
- Schedule: Daily
- Frequency: Every 1 day(s)
- Timezone Offset: GMT-4
- Time: 09:00
- Add new time: [button]
- Cron expressions: * * * * *

At the bottom, there are buttons for 'Save', 'Cancel', and 'Remove Rule'.
